About the project

Co-funded by the European Union, the European Seniors Friendly Communities (ESFC) project aims to build inclusive and age-friendly communities across Europe. By fostering active participation, promoting age-friendly practices, and providing quality learning opportunities, ESFC seeks to enhance the well-being and social inclusion of older adults.

This project will focus on creating sustainable programs that empower seniors to actively engage in their communities, while developing partnerships and initiatives that celebrate active aging.

OUR FIRST PARTNER MEETING IN SEVILLE

On January 14, 2025, the ESFC project officially kicked off with its first partner meeting in Seville, Spain.

Representatives from A2F (Spain), Sinergia (Italy), and Meath Partnership (Ireland) gathered to outline the project's implementation plan, focusing on creating senior-friendly communities across Europe.

The meeting highlighted the co-design of senior-friendly community guidelines, with focus groups planned for February 2025. These focus groups will engage senior citizens, local community panels, and service providers to ensure the guidelines are inclusive and impactful.

This successful start sets the stage for a collaborative effort to enhance the well-being and social inclusion of older adults in Europe.

PROJECT DELIVERABLES

- ✓ ESFC Guidelines.
- ✓ Community Research.
- ✓ Educational and Training Resources.
- ✓ European Network of Senior-Friendly Communities.

KEEP UP TO DATE WITH THE ESFC PROJECT!

As the project progresses, we will have exciting updates and innovative results to share — stay tuned!
